

Consent Form For Taking and Using Pupil Images

2018 Collection

Dear Parent / Carer

At Friezland Primary School, we sometimes take photographs of pupils. We use these images in a range of ways: to inform, celebrate or evidence an activity or event.

Since May 2018, schools are required to obtain consent from families regarding using pupil images, under new data protection regulations. This is something we have always done but the new regulations have required schools to review their consent seeking information.

We really value using images of pupils, to be able to showcase what pupils do in school and to show what life at our school is like to others. We would like your consent to take photos / videos of your child and use them in the ways described below. If you're not happy for us to do this, that's no problem – we will accommodate your preferences.

If you have more than one child at Friezland, either complete one form and state all the names that the consent applies to OR complete separate forms for each child if the consent differs.

Your consent will be sought as your child joins Friezland Primary School and then again as they move into KS2 (Year 3) to give you the opportunity to update your preferences. If you change your mind at any time, you can let us know by emailing info@friezland.oldham.sch.uk, calling the school on 01457 872601, or by calling in to the school office.

Please tick the relevant box(es) and complete the details on the back of this form before returning it to school.

CONDITIONS OF USE OF IMAGES

1. We may include full names on school display boards if appropriate.
2. We will not include personal e-mail addresses, postal addresses or telephone numbers.
3. We may include images of pupils and teachers that have been drawn by pupils.
4. We may use group or class photographs or video footage with very general labels, such as 'Science Investigation'.

6. We will question anyone we do not recognise who is using a mobile phone, camera or video recording device at school events.
7. Images that might cause embarrassment or distress will not be used, nor will images be associated with material on issues that are sensitive.
8. As the legal guardian or parent of a child at this school, you must agree to be responsible with the use of the images and video you take during school events and not share any images containing children other than your own on a group / public network site such as WhatsApp or Facebook without the prior permission of the other parents/guardians concerned.
