

Consent Form For Collecting Personal Data

Dear Parent / Carer

As a school we need to collect, use and store key information about you and your child. This information is personal information such as name, date of birth, emergency contact details, SAT / assessment data etc. This information helps us to ensure pupil well-being, support pupil learning and, monitor and report on pupil progress.

Since May 2018, schools are required to obtain consent from families regarding personal data under new Data Protection regulations. However, there are some occasions where we are legally obliged to hold data on pupils regardless of consent, as in some instances, we could not operate safely without this information (e.g. medical, emergency contact details etc.).

Please tick the relevant box(es) and return to school as soon as possible.

I understand that the school has a legal obligation to obtain registration information.

I understand that the school has a legal obligation to provide test and assessment data for the Department for Education.

I am happy for the school to retain personal data for use with Eduspot (school money system, Teachers2Parents text/e-mails).

I am **NOT** happy for the school to use my child's data for any of the above purposes.

If you change your mind at any time, you can let us know by emailing info@friezland.oldham.sch.uk, ringing the school on 01457 872601, or by calling in to the school office.

If you have any questions, please get in touch.
