How Can I Help At Home?

11.01.23

Dear Parents and Carers,

We are often asked to recommend revision or practise books to use at home, by families who want to do some additional work, beyond the home learning which is set by the class teacher. There is a wealth of resources available to parents online and in shops, but if you would like to purchase any of the books recommended by us below, we are able to get them at a reduced price as a school.

p

You might want to purchase books from the year below that which your child is currently in so that they can consolidate previous learning; or you might want to purchase the books for their current year - but be conscious that the children are only part-way through their year's learning so won't have covered everything yet. We would advise against buying books for the year group above, i.e. Year 4 pupil ordering Year 5 books.

Kind regards,
